

HUNTERDON PREPARATORY SCHOOL

ESY Summer Discovery Program

Monday, July 6 – Friday, August 14, 2026

*Monday - Friday
10:00 am – 2:00 pm*

Hunterdon Preparatory School is excited to announce the 16th year of our Extended School Year program, Summer Discovery! We have been working hard throughout this school year to create a dynamic, fun, unique and engaging summer experience for your child.

During this six-week program, we provide students with an opportunity to maintain their productive routines, as well as the social and emotional progress made throughout the regular school year. By maintaining consistent social-emotional learning throughout the summer, the Summer Discovery program helps students return to school emotionally prepared, socially connected, and better equipped to manage challenges, thus supporting a smoother transition into the academic year and promoting long-term resilience and success.

The Summer Discovery program provides structured, engaging experiences through group counseling, service learning/academic projects and carefully designed trips. Students build skills in emotional regulation, communication, conflict resolution, empathy, problem solving, decision-making, and stress management.

Individualized programs are also available during Summer Discovery for students who are recouping credits.

Eligibility for participation in Summer Discovery is IEP driven and needs to be discussed and approved by your sending district. If you have any questions about the program, please direct them to Rachel Geissinger at (908) 832-7200 ext. 15 or rgeissinger@hunterdonprep.org.
