September 9, 2020

Dear Parents and Guardians,

Welcome to the first day of school in the Bayonne School District. School year 2020-2021 is off and running in our virtual world. While this is a new year we have added resources and services to our students in the virtual world. Our first day of school was completed today via virtual instruction and we thank you for your support.

We thank all of you for your patience and as we have stated throughout the summer this is going to be challenging however, we are all in this together. We have maintained that the safety of our students, families and employees are our most important concern and our number one priority. With that in mind we will transition to a face to face instruction as soon as it is safe to do so. We will continue to monitor our plan on a month to month basis and we will continue to keep you informed.

If you have any issues, please contact your building principal
