Dear Preschool Families:

In an effort to celebrate the hard work of all our preschoolers this year, we are going to recognize both 3 and 4 year old students with an End of the Year Celebration. The New Jersey Department of Education recommends that an appropriate end of the year celebration should be participatory and meaningful for all the children. Familiar music and movement activities, reciting poems and finger plays, or acting out a familiar story are all appropriate choices to incorporate into the designated day. The celebration will be most comfortable for the children if it takes place in a familiar location such as the classroom or familiar outside area.

Due to Covid-19 restrictions, rather than in the classrooms, these celebrations will be done on the Mary E. Volz field on Thursday, June 10th, 2021 (Rain Date: June 11th). Four guests can attend per child, which will be seated in a cluster of four chairs spaced six feet apart from the next cluster. The students will also be properly spaced during the celebration and all students and guests need to wear a mask. Please be aware that during all events, all participants must wear a mask, and social distance. Also, if any student or family member tested positive within ten days, are currently quarantining, or has Covid-19 symptoms, they cannot attend any school activities. Remote students are welcome to attend, however please make sure you bring your child at the designated time below.

The start times for each class are as follows (please only stay for your child's celebration):

McHale 9:00 am

Siravo 11:00 am

Putnick 9:30 am

Richter 11:30 am

Carbone 10:00

Frick 12:00 pm

Kupiec 10:30

Thank you for your continued support.
