March 1, 2021

Dear Parents / Guardians,

Believe it or not the third trimester will be starting on March 8th, 2021. With that I just wanted to send a few updates and reminders to the Volz families:

- Please continue to monitor the progress of your child / children using the Realtime Parent Portal. If you have concerns, please reach out to your child's teacher.
- Spring Break will be April 2nd – April 9th, 2021.
- Please remember to report any positive Covid-19 tests or quarantine status to the Volz Health Office at ckerslake@runnemedeschools.org.
- If you are having technology issues, please use the technology links under the parents tab on the district website.
- Please have your child bring in headphones or ear buds each day to school.
- All students in grades 4th through 8th will have Spanish as the special area class for the third trimester. Spanish class for all students will be provided through a comprehensive online program called IXL Spanish. This program uses standards based lessons that build language fluency and confidence. It uses vocabulary, grammar, reading, and listening comprehension in an interactive format. This course is focused on students learning at their own ability rate, and will be graded on a pass/fail scale. Your children will have a certified teacher facilitating this learning process who will also monitor their progression through the program. Please send headphones or ear buds in with your child beginning March 8th to use during Spanish. See below for a list of assigned facilitators.

Thank you for your continued support as we navigate through this unusual school year.

Sincerely,

Steve Pili
Principal
