November 18, 2020

Dear Parents / Guardians,

I want to thank all of the Mary E. Volz staff, parents, and students for the efforts in reopening our school. Unfortunately, due to the increase in Covid-19 cases in our area it has been decided to close the school for all in-person learning beginning 11/23/20. In an effort to keep our students engaged, I want to communicate our learning expectations during remote learning. Staff and students will be expected to follow their “in-school” schedule for all classes Monday through Thursday. During these classes, our staff will deliver a synchronous learning experience. For example, if your child has ELA from 9:50am to 10:40am, they should be live virtually with their ELA teacher for the entire 50 minutes. If your child does not attend their classes, they will be marked absent and it may affect their overall grade. Friday will be an asynchronous learning day with staff providing support where they see fit, and students do not need to follow their schedule. If a student cannot be present during any class, please reach out to the teacher. When students have periods such as lunch and Hawk Time, they can use this as a break or independent work time. If you need your child’s daily schedule, please refer to the parent or student portal. Preschool parents will receive a daily schedule from their child’s teacher. On the second page of this letter are the full day and early dismissal schedules.

The below schedule is for all students in both cohorts and students who were already 100% remote.

Monday	Tuesday	Wednesday	Thursday	Friday
Synchronous Virtual Learning - students follow their daily class schedule	Synchronous Virtual Learning - students follow their daily class schedule	Synchronous Virtual Learning - students follow their daily class schedule	Synchronous Virtual Learning - students follow their daily class schedule	Asynchronous Learning on your own Support Day

Synchronous – Teacher and students are in a live virtual lesson.

Asynchronous – Student work on their own.

Thank you,

Steve Pili
